LABEL & LIST ORDER FORM

The American Mathematical Association of Two-Year Colleges has mailing labels and listings available on a one-time rental basis for sending announcements and other materials of a professional nature. The list of data contains the names and addresses of approximately 4,000 professional individuals who regularly receive AMATYC publications.

Please complete this form to request an order for labels or listings of the AMATYC membership. The completed form should be sent to the AMATYC office with a copy of the material to be mailed for approval. The address and fax number appears on the second page of this form. You will be notified once your request has been approved by the AMATYC President. Rates appear on reverse side; send no money at this time. An invoice for services rendered will be issued after the order is approved.
