

# 2010-2011 AMATYC Foundation Campaign

The AMATYC Foundation  
promoting and supporting the purposes,  
goals, and projects of AMATYC.

The AMATYC Foundation is excited to launch its 2010-2011 Campaign and is soliciting funds from members and friends to support the mission and goals of AMATYC.

Join the AMATYC Foundation Team  
by making a contribution today!

The AMATYC Foundation is **Supporting the Present and Securing the Future** with its 2010-2011 Campaign.

The target for the campaign is  
\$200,000 and we need your help.

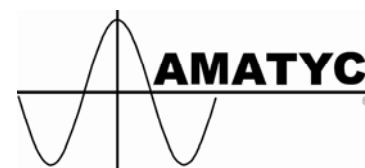

Do not wait to pass *GO!* Go directly to the AMATYC website ([www.amatyc.org](http://www.amatyc.org)) to make a one-time contribution or an ongoing donation through the new Sustained Giving program. You might also want to consider remembering AMATYC in your will with a bequest to the AMATYC Foundation.

The main goal of the 2010-2011 AMATYC Foundation Campaign is to create an **endowment fund** whose growth and interest will provide ready support for current and future initiatives. Interest funds from the AMATYC Foundation Endowment will initially support AMATYC Project ACCESS.

The Foundation plans to support AMATYC members and short- and long-term projects by continuing mini-grants and current initiatives such as the New Life Developmental Mathematics project, engaging members in the Research in Two-Year College Mathematics, and other professional development activities.

Go to the website or contact our offices today for more information:
